## ABOUT FREE BUSINESS SOLUTIONS

### THE BENEFIT TO YOUR BUSINESS

Whether you are starting a new business venture, or improving or expanding your existing one, you need the best possible support and advice.

Quality costs, but now you can have the best advice at an affordable price - and what can be more affordable than free! **Just imagine . . .** what you might do; then contact us to get started. See <http://burghhouse.com> for all our contact details.

### HOW THE 'FREE BUSINESS SOLUTIONS' OFFER WORKS:

- Step 1: You contact us, explain your needs and we provide a written proposal for the work. This first meeting is always free, and you have no obligation to continue with us. The proposal we send you sets out what we will do, what we will produce and what we will charge for our work.
- Step 2: You take our proposal to SHDA and obtain their approval for a grant that will pay up to of 75% of our charges (see 'Conditions' below).
- Step 3: We work with you and complete the work.
- Step 4: We invoice you for our work, and you present that invoice (and a copy of the completed work) to SHDA.
- Step 5: SHDA pays us the agreed 75% and we cancel the remaining 25%.

### You pay nothing!

**Conditions:** *Our rebate offer is conditional on SHDA's acceptance of our proposal at Step 2 as qualifying for a grant. If SHDA does not approve your grant application and you decide to proceed you will need to pay the full cost of our work. In addition, the value of SHDA's grant is limited and our rebate is limited to one third of the SHDA grant. If the grant and rebate do not cover the cost of your plan you must pay the balance. Please contact the St. Helena Development Agency (SHDA) for the terms and conditions of their grant.*

*Where business planning is undertaken under the Free Business Solutions Scheme, this does not include the creation of AIS Applications. For more details on this please contact us.*
